Halting the B.C. Hydro Hijacking

The Radical - Arthur Topham - Dear Radical reader: The following is a quick and, albeit, short notice regarding an interview this evening with Tom Rankin and Robin Mathews which will take place on Coop Radio in Vancouver, B.C. (604-684-7561) These two individuals have been working extremely hard lately to alert the general public to the subtle take-over of BC Hydro by major corporate interests via the corporate-controlled Campbell Liberal government.

PLEASE try to call in to the show and ask either of these two gentlemen questions regarding this outrageous act of treason on the Campbell government's part. This is an important public issue. Thank you.

Time permitting please pass this on to your lists.

Sincerely,

Arthur Topham

Dear Arthur: Tom Rankin and I are going to be on co-op radio (CFRO) from 7:00 till 9:00 tonight ? Wednesday, October 18. Please call in (604-684-7561). What's important is that people around the province who are concerned about the corporate take-over and exploitation of our primary resource you are on. And if there's anyone else in the area you know or in B.C. you know who will call in, ask them to.

Courage & Regards,
