### PHARMANIGHTMARE

F.H. Knelman, Ph.D.

Pharmacare International introduces the wonder drug of the century - Sickens - a guaranteed cure for all types of cancer. The following side-effects should be noted: liver and kidney failure, diarrhea, severe headaches, nausea, insomnia, impotency, blurred vision, hearing disability, psoriasis, loss of smell, breathing difficulties, seizures and dizziness. You should consult the doctor who recommended it before use. For potential investors in Pharmacare International, we expect sales of 10 billion dollars of sales in the first year. PHARMANIGHTMARE
